

Capernaum

Pediatric Therapy, Inc.

Helping families find joy in their journey by serving children where they live, learn, and play!

Outpatient Pediatric Clinic

Speech Therapy

Capernaum's speech-language pathologists are highly trained and have experience with the following diagnoses...and more!

- Articulation and Phonological Disorders
- Apraxia
- Autism Spectrum Disorders
- Language Disorders
- Fluency Disorders (Stuttering)
- Pragmatic Disorders (Social Skills)
- Genetic Disorders

“ The program meant that our son didn't see his appointments as a chore. Now his skills match or exceed those of his peers, and we couldn't be happier!”

Occupational Therapy

Our occupational therapists design age-appropriate treatment plans that address the child's exact needs. Examples of treatment provided include:

- Activities of daily living, self-care, play skills, etc.
- Feeding and oral motor development
- Gross motor and fine motor
- Sensory integration
- Visual motor development

Capernaum provides a natural, homelike environment, which helps families carry over the skills they learn in therapy to their own homes. Goals are reached through play-based, child-directed, and family-friendly approaches.

Physical Therapy

Physical therapists at Capernaum help children improve their functional deficits through individualized exercise programs that are developmentally appropriate to meet therapy goals. Conditions we frequently treat include:

- Torticollis
- Gross motor and developmental delay
- Toe walking
- Neurological disorders
- Orthopedic injuries
- Post-surgical rehabilitation
- Scoliosis

We use evidence-based techniques in a fun, child-friendly center, designed to make your family feel comfortable.
